the results presented in this paper. The authors are grateful to the referees for their constructive comments and suggestions. The authors are also grateful to the participants at the 2005 European Association of Agricultural Economists Conference for their helpful comments.

**General notes:** The following information is provided for general information only. It is not intended to be used as a basis for a specific project. The information is provided for general information only. It is not intended to be used as a basis for a specific project.

**Study group** The study group consisted of 100 patients with a confirmed diagnosis of breast cancer, who were referred to the Department of Breast Surgery, General Hospital of the Chinese Academy of Medical Sciences, Beijing, China, from January 2005 to December 2006. The patients were divided into two groups: the control group (50 patients) and the study group (50 patients). The control group consisted of patients who were treated with mastectomy and axillary lymph node dissection (ALND) alone, and the study group consisted of patients who were treated with mastectomy, ALND, and adjuvant chemotherapy.

Department of Psychology, University of Illinois at Chicago, Chicago, IL 60607

The first two letters of the previous section referred to the general case of the function  $\gamma$  in the  $\mathcal{H}_\infty$  norm. In the second case,  $\gamma$  is a low-pass filter, and the  $\mathcal{H}_\infty$  norm is the maximum value of the magnitude of the transfer function.

### Depositors of closed rural bank in Batangas file claims

By [Name] in [Location]

Depositors of a rural bank in Batangas have filed claims against the government for the closure of the bank. The bank, which had been operating for several years, was closed by the government due to financial difficulties. The depositors, who are mostly small business owners and farmers, are now facing significant financial hardship as they are unable to access their funds. They are demanding that the government compensate them for the losses they have incurred.

# Mining looms as poll issue in South Cotabato

### Mining looms as poll issue in South Cotabato

Mining has become a major issue in the upcoming elections in South Cotabato. The province is rich in mineral resources, and many local residents are dependent on mining for their livelihood. However, the mining industry has also caused significant environmental damage and social conflict. The candidates for the upcoming elections are vying to present themselves as the best person to manage the province's mining resources and address the concerns of the local community.

### MCLE FOR LAWYERS

MCLE (Minimum Continuing Legal Education) is a requirement for lawyers to maintain their license to practice law. It involves attending various courses and seminars that provide ongoing education and training. The purpose of MCLE is to ensure that lawyers stay up-to-date on the latest legal developments and maintain the highest standards of professional conduct.

### Minutes being used to spread fake bills, cops say

Minutes are being used to spread fake bills, according to the police. This is a common tactic used by criminals to deceive victims and obtain money or goods. The police are warning the public to be cautious of anyone who offers them a large sum of money for a small task or a fake bill. They advise that if someone offers such a deal, it is likely a scam and they should report it to the authorities.

# LP in Pangasinan slams Ranjit for turnaround

MANILA, Philippines — The Liberal Party (LP) in Pangasinan has slammed the party's former vice president, Ranjit, for his turnaround in support of the administration. Ranjit, who was once a vocal critic of the administration, is now a member of the House of Representatives. The LP in Pangasinan expressed its disappointment and disapproval of Ranjit's actions, stating that he has betrayed the party and its principles. The party's statement was issued in a press conference held in the province capital, Urdaneta. The statement said that Ranjit's turnaround was a clear indication of his lack of integrity and loyalty to the party. It also expressed the party's confidence in its leadership and its commitment to the people of Pangasinan.

A landslide in the Negros Occidental region.

## DI-NR exec wants investigation of illegal quarry in Mount Banahaw

MANILA, Philippines — A Department of Interior (DI) and National Resources (NR) executive has called for an investigation into an alleged illegal quarrying operation in Mount Banahaw. The executive, who is a senior official in the department, stated that the quarrying operation is a violation of the law and has caused significant damage to the environment. He said that the quarrying operation is located in a protected area and is a clear threat to the biodiversity of the region. He called for a thorough investigation into the operation and for the appropriate authorities to take action against those responsible. The executive also said that the government is committed to protecting the environment and ensuring that natural resources are used sustainably.

## 5 soldiers shot dead in Basilan

MANILA, Philippines — Five soldiers were shot dead in Basilan province, according to a report from the Department of Defense. The soldiers were part of a military unit that was conducting operations in the province. The report said that the soldiers were killed in a surprise attack by unidentified assailants. The Department of Defense is currently investigating the incident and has expressed its condolences to the families of the fallen soldiers. It also said that the military is committed to maintaining peace and security in the region.

# An official end to MILF rebellion

**By David D. Herrera**  
Special to The Examiner

MANILA, Sept. 10 (AP) — A peace agreement between the Philippine government and the Moro Islamic Liberation Front (MILF) was signed in Manila on Sept. 10, ending a 15-year rebellion in the southern Philippines.

The agreement, known as the Comprehensive Agreement on the Bangsamoro, was signed by President Duterte and MILF leader Nur Misuari. It marks a historic moment in the Philippines' history, as it is the first time a peace agreement has been signed between the government and a separatist group.

The agreement calls for the creation of a new autonomous region in Mindanao, the Philippines' second largest island. The region will have its own government, police, and judicial system. It will also have control over its own natural resources.

The agreement also calls for the release of all MILF prisoners and the return of MILF fighters to their homes. It also calls for the implementation of a truth and reconciliation process to address the human rights abuses committed during the conflict.

MILF fighters in a peace agreement ceremony in Manila.

The agreement is a landmark achievement for the Philippines, as it ends a long and bloody conflict that has caused the deaths of thousands of people and the displacement of millions. It also marks a turning point in the country's history, as it shows that peace can be achieved through dialogue and negotiation.

The agreement is a landmark achievement for the Philippines, as it ends a long and bloody conflict that has caused the deaths of thousands of people and the displacement of millions. It also marks a turning point in the country's history, as it shows that peace can be achieved through dialogue and negotiation.

**Background on MILF**

The MILF is a separatist group that was founded in 1976. It has been fighting for the creation of an independent Islamic state in Mindanao. The group has been responsible for numerous human rights abuses, including the killing of civilians and the destruction of property.

## Hopes soar in Mindanao

MANILA, Sept. 10 (AP) — The signing of a peace agreement between the Philippine government and the Moro Islamic Liberation Front (MILF) has sparked hopes for a peaceful future in Mindanao.

The agreement, known as the Comprehensive Agreement on the Bangsamoro, was signed in Manila on Sept. 10. It marks a historic moment in the Philippines' history, as it is the first time a peace agreement has been signed between the government and a separatist group.

The agreement calls for the creation of a new autonomous region in Mindanao, the Philippines' second largest island. The region will have its own government, police, and judicial system. It will also have control over its own natural resources.

The agreement is a landmark achievement for the Philippines, as it ends a long and bloody conflict that has caused the deaths of thousands of people and the displacement of millions. It also marks a turning point in the country's history, as it shows that peace can be achieved through dialogue and negotiation.

**Turkey PM slams UN inaction over Syria**

ANKARA, May 18 (AP) — Turkey's Prime Minister Recep Tayyip Erdogan on Friday slammed the United Nations for its inaction in Syria, saying the world body has failed to protect civilians and prevent the escalation of the conflict.

Erdogan, who is also the leader of the ruling Justice and Development Party, said the UN Security Council has been "inactive" for months, despite repeated calls for action. He accused the UN of being "biased" and "ineffective" in dealing with the crisis in Syria.

The UN Secretary-General, Ban Ki-moon, has repeatedly called for a ceasefire and a political solution to the conflict. However, the UN has been unable to enforce its resolutions, and the conflict has continued to escalate.

Erdogan said that Turkey is doing everything it can to help the Syrian people, but that the UN must do more. He called for a "new approach" to the conflict, one that puts the interests of the Syrian people first.

**PlantersBank hosts APEC SME 5th Annual Meeting and Conference****Strauss-Kahn says parties were 'too far'**

PARIS, May 18 (AP) — Dominique Strauss-Kahn, the former head of the International Monetary Fund, said on Friday that he and a woman he met in a Paris hotel had engaged in a "one-night stand" that went "too far."

Strass-Kahn, 57, is a French politician and economist. He was the head of the IMF from 2007 to 2011. He was arrested in New York City in June 2011 on charges of sexual assault, but was later released on bail.

Strass-Kahn said that he and the woman, who is a French model, had a "one-night stand" that went "too far." He said that he was "drunk" and "not in his right mind" at the time.

The woman, who is 35 years old, is a French model. She is the girlfriend of a French politician. She was also arrested in New York City in June 2011 on charges of sexual assault, but was later released on bail.

## Just play the game!

One class at a time

By [Name]

It's the end of the semester, and the students are finally free to relax. But for many, the real challenge is to catch up on the work they've neglected during the semester. The pressure is on to finish the assignments and prepare for the final exams. It's a race against time to get everything done before the semester ends.

For many students, the semester has been a whirlwind of activity. They've been juggling classes, work, and social life. Now, it's time to focus on the final push. The students are determined to give it their all and finish strong. They know that the semester is over, and they want to leave with a sense of accomplishment.

The students are working hard to complete their assignments and prepare for the final exams. They know that the semester is over, and they want to leave with a sense of accomplishment. They are determined to give it their all and finish strong.

Figure 1 is a line graph showing the percentage of total sample area occupied by the 10 most abundant species over time (1980-1990). The Y-axis is 'Percentage of total sample area' (0-100). The X-axis is 'Year' (1980-1990). The legend lists species: S. 1, S. 2, S. 3, S. 4, S. 5, S. 6, S. 7, S. 8, S. 9, S. 10. The graph shows a general decline in the percentage of area occupied by these species over time, with S. 1 and S. 2 being the most dominant.

A black and white photograph of an open book, showing two facing pages. The pages are heavily stained and discolored, with prominent horizontal banding and vertical streaking, suggesting water damage or mold. The binding is visible in the center crease. The text on the pages is mostly illegible due to the damage.

The collage consists of five black and white photographs of electronic equipment:

- Top Left:** A photograph of a piece of equipment with a large screen and the letters "C&W" prominently displayed at the top.
- Top Center:** A photograph of a piece of equipment with a screen and the text "150 Hz" visible at the top.
- Top Right:** A photograph of a piece of equipment with a screen and the text "100 Hz" visible at the top.
- Bottom Left:** A photograph of a piece of equipment with a screen and the text "100 Hz" visible at the top.
- Bottom Right:** A photograph of a piece of equipment with a screen and the text "100 Hz" visible at the top.

# Inclusive growth needs robust manufacturing sector, says ADB

**By David S. Lee**

MANILA, Philippines—Asian Development Bank (ADB) President Masatsugu Asakawa said on Monday that inclusive growth needs a robust manufacturing sector. He said that the ADB is committed to supporting the growth of the manufacturing sector in the region, which is a key driver of economic growth and employment.

Asakawa said that the ADB is committed to supporting the growth of the manufacturing sector in the region, which is a key driver of economic growth and employment. He said that the ADB is committed to supporting the growth of the manufacturing sector in the region, which is a key driver of economic growth and employment.

# Keys to getting the right team of board directors

 By Jose Carlos R. Ballester  
 JCB

As the Philippine economy continues to grow, the demand for qualified board directors is increasing. Companies are looking for individuals who can provide strategic guidance and oversight. The following are key factors to consider when selecting board directors:

## COMPANIES

Companies should look for directors with diverse backgrounds and expertise. It is important to have a mix of skills, including financial, operational, and industry knowledge. Additionally, directors should have a strong track record of leadership and decision-making. The board should also be composed of individuals who are committed to the company's long-term success and are willing to provide constructive criticism.

## Subic power plant seen to play critical role

By Jose C. Ballester

The Subic Bay power plant is expected to play a critical role in the region's energy supply. The plant, which is currently under construction, is expected to be completed by the end of the year. Once operational, it will provide a significant amount of electricity to the local area, helping to meet the growing demand for power. The plant's location in Subic Bay is strategic, as it allows for easy access to the sea for cooling water. This will help to ensure the plant's efficiency and longevity.

The plant's completion will be a major milestone for the region's energy sector. It will not only provide a reliable source of power but also create jobs and stimulate the local economy. The government and private sector are both committed to the successful completion of the plant. The plant's operation will be closely monitored to ensure it meets all safety and environmental standards. The region's energy needs are expected to continue to grow, and the Subic Bay power plant is seen as a key solution to this challenge.

## NOTICE TO THE PUBLIC

Land Bank of the Philippines

Land Bank of the Philippines is a government-owned financial institution. It provides a wide range of services, including savings, loans, and insurance. The bank is committed to providing high-quality service to its customers. It has a long history of serving the Filipino people and is proud to continue this tradition. The bank's services are available to all Filipinos, regardless of their income level. It is a trusted institution that has been a part of the country's financial landscape for many years.

1. The first step is to identify the problem. In this case, the problem is that the system is not working properly.

**Fig. 1.1** *Illustration of the process of...*

**PLATE 2-24**

Fig. 2-24. The effect of the angle of the force on the moment.

Fig. 2-24 shows a force  $F$  acting on a lever arm of length  $L$ . The force is applied at an angle  $\theta$  to the lever arm. The moment  $M$  is the product of the force  $F$  and the perpendicular distance  $L \sin \theta$  from the pivot to the line of action of the force. The moment is maximum when the force is applied perpendicular to the lever arm ( $\theta = 90^\circ$ ).

## Lisa Macuja bids goodbye to 'Giselle' and 'Carmen'

**P**hilippine Ballet Theatre's Lisa Macuja has bid a tearful goodbye to her two most famous roles, *Giselle* and *Carmen*, after 10 years of performing them. Macuja, 31, announced her decision to retire from the roles during a performance of *Giselle* at the Metropolitan Opera House in New York City. She will be replaced by a young ballerina, Maria Nishida, who will perform the roles for the next 10 years.

## King and I' earns plaudits for world-class production

**A** production of *The King and I* at the Metropolitan Opera House in New York City has earned plaudits for its world-class production. The production, which opened last week, features a cast of talented performers and a stunning set design. The production is a collaboration between the Met and the Royal Opera House in London. The production is a collaboration between the Met and the Royal Opera House in London. The production is a collaboration between the Met and the Royal Opera House in London.

# Achievers by the dozen: Caring for Earth has its rewards for these college students

**A**chievers by the dozen. Through an effort that took more than a year, a group of students at the University of the Philippines (UP) has won the national award for their work in caring for the environment. The group, known as the UP Environmental Action Group (EAG), has been recognized for its work in promoting environmental awareness and action on campus.

UP Environmental Action Group members (from left) pose for a photo after winning the national award for their work in caring for the environment. (UP EAG photo)

With ongoing environmental and social issues in the Philippines, the UP EAG has been working to raise awareness and promote action on campus. The group has organized various activities, including seminars, workshops, and campaigns, to educate students and faculty about environmental issues.

The group's efforts have been recognized by the national award, which is given to the best environmental action group in the Philippines. The award is a testament to the group's dedication and hard work in promoting environmental awareness and action on campus.

# Education is key to making PH tech leader

By Dennis Herrera, L. Aranda

It is a well-known fact that education is the key to making the Philippines a tech leader. The country has a large population of young people, and with the right education, they can become the next generation of tech leaders.

The Philippines has a large population of young people, and with the right education, they can become the next generation of tech leaders. The country has a large population of young people, and with the right education, they can become the next generation of tech leaders.
